[Report a data error here](#)**Abstract of CN1374314**

The present invention is amorphous Adefuwezhi ester solid matter and its preparation process. The amorphous Adefuwezhi ester solid matter is solid powder obtained through solidifying oil amorphous Adefuwezhi ester and has, X-ray test shows, at least 80% amorphous component. The amorphous Adefuwezhi ester solid matter of the present invention is easy to filter and dry, has excellent flowability and bulk density performance, and the present invention makes it easy to produce medicine composite containing Adefuwezhi ester and its suitable for industrial production.
